"Voice of the Uintah Basin" KVEL

UINTAH BROADCASTING COMPANY

120 EAST MAIN STREET
VERNAL, UTAH
HOTEL VERNAL

October 27, 1964

Mr. Ernest J. Wesolowski
1416 Pasadena Ave
Omaha 7, Nebraska

Dear Mr. Wesolowski:

Thank You very much for your report of reception of our test broadcast of 25 October, 1964. Our records show that your report is accurate, hence, please consider this as official verification of reception.

I was also very much interested in the information you sent along concerning the birth of DX clubs. I can well imagine you receive many interesting hours working with this hobby. I am taking the liberty of inclosing, since we have not had coverage maps printed as yet, your official dinosaur hunting license, which I invite you to use if ever you are in the area again. I'd also like to invite you to drop by the station, and I'll point out some special hunting areas, as well as show you around the studios.

KVEL broadcasts on 5000 watts of power, and is daytime only in operation.

Again thank you for your very accurate and interesting report, and best of luck to you in future DXing. I would be interested to know if you are ever able to again listen to us.

Sincerely,

Edward R. Gries
